

**Declaration of compliance with the obligations arising from Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)
(SVHC substances in concentrations above 0.1% by weight).**

In accordance with Article 33(1) of Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), BENEŠ a LÁT a.s. is obliged to inform customers about defined chemical substances contained in its products, whether manufactured in the EU or imported into EU member states.

For products containing substances meeting the criteria of Article 57, which have been identified in accordance with Article 59(1) in concentrations above 0.1% by weight, BENEŠ a LÁT a.s. is obliged to provide sufficient information to enable the safe use of the product.

In connection with our above-mentioned obligations, we have, as part of the SVHC substance identification process:

- evaluated the available technical data relating to the presence of SVHC substances in our products or their components
- communicated with our suppliers to rule out or confirm the presence of SVHC substances in any component of our products

Based on the results of this process, we confirm that the products we currently supply to the market do not contain any SVHC substances in concentrations above 0.1% by weight.

BENEŠ a LÁT a.s. is committed to continuing to comply with the requirements of Directive No. 1907/2006/EC (REACH) and to informing customers about changes in products.
